From (Name) Dr. B. Sundara Raj, M.A., Ph.D.,
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
Development Departme

Sir,

(IV)

Ref:G.O.No. 669, Misc., Development dated 10th May 1927.

---

In the G.O. quoted above the Government approved my proposal that a fish curing yard should be opened temporarily at Kirimanjeshwar and sanctioned the employ - ment of a petty yard officer and a peon for the yard for period of 2 years from 1st October 1927. It is reported that operations in the yard were actually commenced from 18th November 1927 only. The quantity of salt consu from 18th November 1927 to 30th June 1928 was 195 Mds. 5 seers, the quantity of fish cured being 1174 Mds. and

30.

a quantity of 925 maunds and 5 seers of salt was consumed for curing 5684 Maunds 32 seers of fish. It is also reported that there are 7 ticket holders in the yard of whom one has put up a permanent curing shed with cemented vat and that another such shed is under construction.

2. The initial cost of the yard is Rs. 2042/- out of which a sum of Rs. 233-6-2 has been collected up to 30th June 1929. As the yard is showing good progress, I have the honour to request that you will be so good as to obtain the sanction of Government for the permanent retention of the yard.

I have the honour to be,

Sir,

Your most obedient servant,

A. Ramaswamy 12-8-29

for Director of Fisheries.

Telephone Message

From Asst. Secy. Dev. Dept.
To Mr. Dir. of Works

Dept. S.C.
17/9/29

Ref: your letter dep no 18 Secy-1/29 dated 12.8.29 - Fish Curing yard - Krishnajeswar. Permanent retention.

The question of permanent retention of the yard can only be treated as a Part II scheme for 30-31. Will you please say whether you can find funds from your budget in case the Continuance of the Staff Sanctioned in Govt. no. (V) 6 Secy Dev dated 10.5.29 is sanctioned up till 31.3.1930.

Please also furnish details of expenditure under "Establishment charges, Supplies and Services etc." involved in the proposal, in the event of permanent retention of the yard.

A very early reply is required.

Fish curing yards - Kirimanjeswar
Sanction - renewal.

pp 1-2cf From the D.F. Ref 1869 F. 29. 18/12 8/29

A-S

... The D.F. requests the sanction of Govt for the permanent retention of the fish curing yard at Kirimanjeshwar. The reasons which he urges are :—

(i) that transactions in the yard show good progress

(ii) that the ticket holders in the yard are taking an active interest in so far as one has put up a permanent curing shed with cemented vat and another has begun constructing another shed

The yard was sanctioned for a period of 2 years from 1-10-27 and sanction expires on 1-10-29.

Cro 66 (N) 10 5 27

The temporary retention of the yard up to 31-3-30 may perhaps be sanctioned in the first instance. Budget provision is available vide t.m reply at p 2a

The question of permanent retention

4 C

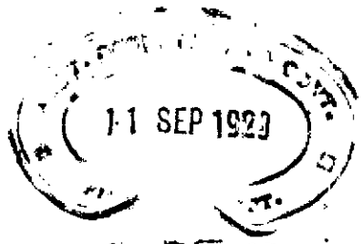
of the yard may be taken after orders are issued on the continuance of the yard up to 31-3-30. | A

A draft order is submitted for approval. It may be sent to Finance for acceptance

Ctt 9.9.29

RR 10.9.

Dr



29175 21.

Finance (E.T.)

The proposals of Devt. are:

(a) to sanction the retention up to 31-3-1930 of the fish-curing yard at Kirimanjeshwar, opened for a period of 2 years from 1-10-27, in G.O.No. 669 Devt., dated 10-5-27; and — page 3 ante — page 30 of (N)

(b) to bring forward as a Part II scheme for 1930-31, the permanent retention of the above fish-curing yard. — A above

2. The proposal in (a) above may be accepted.

As regards the proposal in (b), it really amounts to placing on a permanent basis the temporary posts of

(i) a petty yard officer on Rs. 20-1 (biennial)-25 — Average Cost per annum 23½

(ii) a peon on Rs. 12-18. — 15 total Rs 38½ per annum or Rs 46 per annum

As the yard was opened only very recently, it appears to be too soon to consider the question of making it permanent. In the case of the Nelattur fish-curing yard, the Govt. made it permanent only after

pages 6-7 and 11 of G.O.No. 622 Devt. 31.3.28 (R)

7 5

after gaining experience of its working for a period of eight years. It appears desirable that the working of the fish-curing yard in this case should be watched for a sufficient number of years before the question of making it permanent is considered. Devt. may, accordingly, be requested to consider whether it will not suffice to sanction the retention of the fish-curing yard on a temporary basis for a period of 2 years from 1-10-1929.

2. Subject to the suggestion made in the foregoing paragraph, the draft order may be accepted.

The case of Nalattur is exceptional. It was a yard revived after eleven years unsatisfactory working.

I do not think it affords any analogy to the Jaffna case. The yard at Kirimanjeshwaram may be retained permanently from 1.4.30. The NOC for the J.C. will be subject to the terms of the order fixing the continuance of the yard till 31.3.1930.
